The participating clubs are separated into divisions in accordance with the requests of the clubs and the player's approximate handicap ranges. The GCV Pennant Season consists of "round robin" contests between respective clubs in each Division.
- Prior to the pennant draw, all GCV Clubs will be requested to provide a list of dates that their club can make their course available for play. Venues will then be selected at the discretion of the GCV Pennant Committee and participating Club's will be notified once the draw is complete or should any amendments be required thereafter. Host clubs must give pennant play priority over all other golf at their course during play.
- Failure to provide venue dates to GCV or to give priority to pennant play may put at risk that clubs availability to play pennant in the current season.

2.2. Representation

- Each Club is represented by a team of 5 players eligible in accordance with the eligibility criteria set out in condition 2.3.

In Open Division competitors will give and receive shots according to their true daily handicap. As Open Division teams can be made up of male and female golfers, on occasion there will be holes that have a different 'par' for men to that of women. The net score against par should be used. The normal championship men's and women's tees should be used.

Other than in Division 1 and 2 (where the team can be in any order), all contests will be played in handicap order with the highest handicapped competitor playing 5th position and therefore being the first contest of the day and the lowest handicapped competitor playing in 1st position and being the last contest of the day.

Should any Pennant Condition or competition administration dispute arise at a Pennant venue, prior to determining any such dispute, the Match Committee is required to ascertain relevant details (either verbally or in writing) from a representative of the club or clubs involved and any other relevant party. Following consideration of this dispute, the Committee decision must be conveyed to one representative from the club or clubs involved.

Unless otherwise indicated, the Match Committee does not have the authority to alter or vary any Pennant condition.

4 Rules officials

- i. Rules Officials may be appointed by GCV to each Pennant venue to adjudicate on rules queries between players and pace of play issues as they arise (Including issuing of penalties if required). Rules queries may also be directly answered by a member of the Match Committee.

Note: There is no right of appeal against any decision given by a Rules Official or individual member of the Match Committee.

- ii. At each Pennant Venue, Rules of Golf or Play disputes will only be considered by the Match Committee on the direct referral by a Rules Official or the member of the Match Committee who has directly adjudicated on such a rules/pace of play query. Any decision made by an appointed Rules Official or individual Match Committee member shall be deemed to be final unless such official refers the matter to the Match Committee for consideration.
- iii. Prior to determining any Rules of Golf or Pace of Play dispute, the Match Committee is required to ascertain relevant details (either verbally or in writing) from one representative of the club or clubs involved and any other relevant party. Following consideration of the dispute, the Committee decision must be conveyed to one representative from the club or clubs involved.

5. Practice

In accordance with Rule of Golf 5.2(a) players are permitted to practice on the course on the day of competition prior to the commencement of their matches.

6. Team Lists & Commencement of Play

6.1 Payment

\$25 per team is to be submitted by the club upon registration of the team in the pennant competition to GCV.

A further payment of \$10 per player per week is required to be paid to the host club representative for each round played. This is to help offset the cost to the host club for the use of their course.

6.2 Team Lists

A representative of each team shall hand into the host club office, the team fee of \$10 per player and the list of team members in numerical order from the No. 1 (lowest handicapped) player to the No. 5 player, no later than 10 minutes prior to the stated hit-off time (30 minutes for the final). Division 1 and 2 teams do not need to be in handicap order. Handicaps must also be recorded on the team lists (not needed for Division 1 contests).

Order of Play will be Highest Handicapper to Lowest Handicapper.

Please note: Any Club that is late in handing in its team list will incur the following penalties:

Team List not submitted by:-

| • 5 minutes prior to the stated hit off | - The No. 5 player will lose the 1 st and 2 nd holes |

- 0 minutes prior to the stated hit off - The No. 5 player will lose his match (5/4)

6.3 Starting Times

Starting times for round robin contests will be as stated on the draw, however it is expected to be 12noon for Division 1 and 3, and 12:30 for Division 2 and Open. On April 25 (ANZAC Day) play is expected to commence at 1pm and 1:30pm.

Players arriving late **on the starting tee** will be penalised as follows:

- Up to 5 minutes late - loss of the 1st hole
- Over 10 minutes late - loss of match (5/4)

Play will commence from the second hole. Players are to wait on the starting tee and must not proceed to the amended starting hole without an opponent.

Contests commencing behind a late start, must commence play as if it were a “call through” situation. Late contests commencing on the 2nd hole can take their place in the correct order of play upon arrival at the tee.

Clubs are reminded that teams which fail to present for a contest will incur a fine of \$50 where prior arrangements have been made and \$100 should notification occur with not enough time to contact the opposition Captain. Clubs will also be fined \$10 for each match missed should there be an unavailable player on the day. This payment is to be made by the team who’s player is missing to ensure the daily fee of \$50 per team is fully paid to the host club and to avoid unnecessary administration after the fact.

All team forfeits should be notified to the GCV Match Committee by the **Club Pennant Coordinator**, not by the team Captain of the day.

6.4 Playing Out of Order

Any player playing out of order, ie Handicap Divisions Highest to Lowest, (except Division 1 and Division 2) will result in a loss of that match (5/4).

6.5 Match Index

For handicapping purposes, shots are to be given in accordance with the rules of golf match play index. That is:

Hole	Index	Hole	Index
1 st	18	10 th	05
2 nd	08	11 th	11
3 rd	12	12 th	02
4 th	03	13 th	15
5 th	14	14 th	07
6 th	06	15 th	13
7 th	10	16 th	04
8 th	01	17 th	17
9 th	16	18 th	09

The index table above pertains to the order of holes in a match - **(always starting with the 1st hole you play)** therefore if a match starts on the 5th hole of any given golf course then the index commences as if it was the 1st hole. Clubs will need to issue amended score cards on the day with this match play index included and adjusted for the tees where the commencement of matched will be.

A player may obtain distance information by using a device that, measures distance only. However, if during a Pennant match, a player uses a distance measuring device to gauge or measure other conditions that might affect his play (eg, gradient, wind speed, temperature, etc), the player is in breach of Rule of Golf 4.3 for which the penalty for the first breach is loss of hole, and the second breach disqualification.

When the course is ready for play, players will be advised to return to their various locations. The signal for the resumption of play will be advised to return to their various locations. The signal for the resumption of play will be one long siren blast. Every effort should be made to complete all contests on the scheduled day.

If the Match Committee declares that completion is not possible on the scheduled day and less than three matches have been decided; the round shall be abandoned. If three or more matches are decided, any uncompleted matches will be deemed to be tied and 0.5 pts awarded to each player.

13. Pace of Play

Each match must maintain its position on the course with respect to the match preceding it and maintain the time requirement specified below or as occasionally amended by the Match Committee at a host venue.

Any match with a clear hole in front of it and/or not playing in accordance within the Pennant time requirement (specified below) will be considered out of position. Loss of hole penalties will be issued by either the GCV member(s) of the Match Committee or appointed Rules Officials to individuals in such matches who by their pace of play contribute to such delay. Officials are not required to issue warnings prior to imposing penalties.

All matches are expected to complete 18 holes in a maximum time of 3 hours and 50 minutes (approximately 12 and a half minutes per hole). The first nine holes of each match is expected to be competed in a maximum time of one hour and 55 minutes. In exceptional circumstances (such as extreme weather/playing conditions), the Match Committee has the authority to extend this time requirement.

The first match to start therefore would be considered to be out of position if at any point in the round the match is taking more than an average of 12 and a half minutes per hole to play. Any following match will be considered out of position if it:

- (a) Falls a clear hole behind; and
- (b) Is taking more than 12 and a half minutes per hole to play.

The leading teams in all Divisions will be those teams which have the greatest number of Contest wins. In the event of the number of contests won being equal, the leading teams in a Division will be those teams which have the greatest number of wins in individual matches. In the event of the number of individual matches won being equal, the decision shall be reached by count back based on the results of the contest between the tied teams during the season. In the event of teams still being unable to be separated, a count back on the basis of the difference between holes won and holes lost in all individual matches during the season shall decide the finishing position of each team. In the event of teams still being unable to be separated the matter shall be referred to the GCV Match Committee for decision.

15.3 Play Day Procedure

Pennant finals will be played on the nominated course commencing at 12noon.

15.4 Suspension of Play

In the event of heavy rain, lightning, unplayable course conditions or for any other reason, the Match Committee will be responsible for deciding whether to suspend play. The signal for suspending play will be three short siren blasts. The procedure when play is suspended is outlined under Rule of Golf 5.7(b).

When the course is ready for play, players will be advised to return to their various locations. The signal for the resumption of play will be one long siren blast. Every effort should be made to complete GCV Pennant Final Contests on the scheduled day.
